# Public Resources for Child Welfare Related Data and Reports

| Resource | Description | Internet Link |
|---|---|---|
| *Child Welfare Indicators Data* | | |
| California Child Welfare Indicators Project (UC Berkeley Site)[1,2,3,4] | The California Child Welfare Indicators Project (CCWIP) is a collaborative venture between the University of California at Berkeley and the California Department of Social Services, which provides the public with direct access to customizable information on California's entire child welfare system. The specific focus is on federal and state outcome measures. | http://cssr.berkeley.edu/ucb_childwelfare/ |
| At-A-Glance & City-by-City Reports[1,2] | This At-A-Glance tracks Orange County's current performance on select federal and state outcome measures, and compares performance against a 5-year baseline and the federal/state standards.  The City-By-City report provides aggregate information about children in out-of-home care at the county and city level. | http://www.oc4kids.com/ff/strategy/meetings/selfeval |
| Children's Bureau[5,6] | This annual report to Congress published by the US Department of Health and Human Services, provides information on state performance in seven categories of outcomes that are widely accepted performance objectives for child welfare practice. | https://cwoutcomes.acf.hhs.gov/cwodatasite/ |
| The Center for State Child Welfare Data[5,6] | This website provides reports that contain aggregate data on systemic child welfare trends in individual states which addresses admission trends, timeliness to permanency, placement type and stability, re-entry to foster care, and caseload at the county, state, and national levels.  User will need to create username and password to access data. | https://fcda.chapinhall.org/resources/foster-care-profile-reports/ |
| *Child Well Being Data* | | |
| California Department of Social Services[3,4] | The Department of Social Services provides accurate and timely data which is intended to inform the public about social services programs and policies which serve more than 8 million California residents annually. | http://www.cdss.ca.gov/inforesources/Research-and-Data |
| OC Heathier Together[1,2,3,4,6] | Provided by the Heath Care Agency, OC Healthier together is a community-wide initiative that aligns public and private resources within the public health system to improve health for all communities in Orange County. | http://www.ochealthiertogether.org/ |
| Conditions of Children[1,2,4,6] | This report provides a comprehensive picture of the present condition of children in Orange County and establishes a baseline from which to measure future progress and track changing conditions. | http://www.ochealthinfo.com/phs/about/family/occp/report |
| Children and Families Commission[1,2] | This website provides information on indicators relating to children's well-being and education. It includes comprehensive data about kindergarten readiness using Early Development Index (EDI) data. | http://occhildrenandfamilies.com/outcomes/dashboard-data/ |
| Community Indicators Report[2] | This annual report tracks progress on a broad range of issues important to Orange County, with a specific focus on children's health, the opportunity gap, and housing. | http://www.ocgov.com/about/infooc/facts/indicators |
| OC Health Care Agency Publications[1,2] | Reports, Forms and Factsheets produced by the OC Health Care Agency. | http://www.ochealthinfo.com/about/admin/pubs |
| CA Department of Education[1,2,3,4] | This website provides statistics about California's public schools including enrollment, dropouts, graduates, staffing, English learners, food programs, and more. | https://www.cde.ca.gov/ds/sd/ |
| Kids Count Data Book[5,6] | This report by the Annie E. Casey Foundation, provides state trends in child well-being, specifically in economic well-being, education, health, and family and community. | http://www.aecf.org/resources/2018-kids-count-data-book |

| Kids Count Data Center[1,2,3,4,5,6] | The KIDS COUNT Data Center draws from more than 50 KIDS COUNT state organizations that provide state and local data, as well publications providing insights into trends affecting child and family well-being. | https://datacenter.kidscount.org/ |
|---|---|---|
| Kids Data[1,2,3,4] | Kidsdata.org, a program of the Lucile Packard Foundation for Children's Health, promotes the health and well-being of children in California by providing an easy to use resource that offers high-quality, wide-ranging, local data to those who work on behalf of children. | http://www.kidsdata.org |
| Child Trends[4,5,6] | An online portal for all of Child Trends research information and resources, including the Child Trends DataBank, our What Works database on rigorously evaluated programs serving children, research reports and program evaluations, and our Hispanic Institute. | https://www.childtrends.org/ |
| National Incidence Study[5,6] | These include evaluations of existing programs, evaluations of innovative approaches to helping low-income children and families, research syntheses, and descriptive and exploratory studies. | https://www.acf.hhs.gov/opre/resource/national-incidence-study-of-child-abuse-and-neglect |
| *Foster Care Topic Specific* | | |
| California Evidence-Based Clearinghouse for Child Welfare | This website provides detailed information regarding the empirical research supporting the efficacy of evidence-based practices relevant to child welfare. | http://www.cebc4cw.org/ |
| Continuum of Care Reform Dashboard[3,4] | The Continuum of Care Reform (CCR) Dashboard is a tool that provides several key data indicators regarding CCR in a visualized format. The CCR Dashboard will give users the ability to analyze CCR data trends for one or more counties as well as statewide. | http://www.cdss.ca.gov/inforesources/Data-Portal/Research-and-Data/CCR-Data-Dashboard |
| County of Orange Child Abuse Registry Statistics (CARSA)[1,2] | The CARSA application (begins with 2009 data) provides dynamic statistical reports that represent the calls received by the Child Abuse Hotline, as well as the child abuse and neglect reports that result from those calls. | https://ocssa.ocgov.com/CARSA/ |
| Families and Communities Together (FaCT) Annual Report[1,2] | This Annual Report provides information on Orange County's Family Resource Centers (FRCs) by addressing the need for services, performance on nine core services, families served, and impacts made to families. | http://factoc.org/annual-report/ |
| OC SSA Maps[1,2] | This SSA web portal provides geographic information system (GIS) maps to allow users to visualize spatial and geographic characteristics of clients served by Orange County's Social Services Agency. | https://ocssagis.maps.arcgis.com |
| Safely Surrendered Baby[4] | Available data indicates the number of newborn infants abandoned since enactment of the Safely Surrendered Baby Law. The CDSS continues to identify abandonment cases from various sources and will continue to report updates to this trend. | http://www.cdss.ca.gov/inforesources/OCAP/Safely-Surrendered-Baby/Data |
| *Demographic* | | |
| American FactFinder[1,2,3,4,5,6] | American FactFinder provides access to data about the United States, Puerto Rico and the Island Areas. The data in American FactFinder come from several censuses and surveys. This is a source for population, housing, economic and geographic information. | https://factfinder.census.gov |
| California Department of Finance[1,2,3,4] | Designated by the State of California as the single official source of demographic data for state planning and budgeting. | http://www.dof.ca.gov/Forecasting/Demographics/ |
| Community Opportunity Map[1,2,3,4,5] | Casey Family Programs provides an interactive tool that highlights aspects of communities associated with safe children and strong families. Geographic levels can be selected by users from the state level down to neighborhoods. | https://www.casey.org/community-opportunity-map/ |
